Britannica Learning Zone covers the fundamental concepts that children need to know:

- ANIMALS
- COLOURS
- GEOGRAPHY
- NUMBERS
- SHAPES
- SOUNDS
- TIME
- AND MUCH MORE!

PLAY, DISCOVER, CREATE

These are the cornerstones of learning for young children. Encyclopædia Britannica now provides teachers with an online solution designed specifically for the needs of grades PreK-2. Learning Zone is a classroom-tested, interactive learning environment that allows early learners to engage in enjoyable and developmentally appropriate activities to help grow their minds, their spirits and their intellectual horizons.

A COMPLETE ONLINE SOLUTION FOR EARLY-CHILDHOOD LEARNING

An interactive atlas, online art activities, interactive games and learning materials, audio and video and vocabulary builders teach concepts that children are curious about, such as geography, numbers, time, sounds and much more.

AN ACTIVITY-BASED & CLASSROOM TESTED LEARNING ENVIRONMENT

Content and exercises are appropriate for young learners. Learning Zone is made for classroom use in any discipline, based on direction and feedback from children and teachers.

RELATED TO THE CURRICULUM

Activities and materials teach the same concepts taught in the classroom.

Britannica Learning Zone Involves and Fascinates Young Students!

DISCOVER

Engaging, media-rich online activities teach the concepts young children are curious about, such as numbers, time and sounds.

PLAY

Interactive games and learning materials provide a play-based environment where students have fun and learn in ways appropriate to their age.

CREATE

Learning Zone gives kids what they need to unlock their creativity, with a powerful online art and drawing program. Student masterpieces can be printed and posted on the classroom bulletin board or e-mailed home.

EXPLORE

Interactive maps and videos allow students to travel the world without leaving their seats. They decide where they want to go, discovering the world beyond while building basic geography and social studies skills.

BUILD VOCABULARY

Word and letter activities entertain as they lay the foundation for reading and spelling by expanding children's vocabulary.

A Full Range of Resources Gives Young Learners a Head Start!

ATLAS

Interactive maps of all countries and continents that children can explore on their own.

DISCOVERY ACTIVITIES

Activities are drawn from the Britannica Discovery Library, winner of the Teachers' Choice Award and the GLI Award from the Global Learning Initiative.

AUDIO

Children hear the words that appear on the screen.

VIDEO

Includes dozens of educational videos that bring subjects to life.
